I am going to tell you about modern day **knights** and how to become one.

I have been knighted in two different orders. Although I had heard of modern day knights before, I had no idea what that entailed. I became fascinated with the topic. First, I asked myself, what are knights today? What is a knight supposed to be? and lastly, what is still lacking?

Well, what are knights today? There are three main camps in orders of knighthood. There are orders of merit, orders of charity, and orders of works. Other than being granted a knighthood for merit, the others, if you can get in one, cost thousands of dollars annually.

I believe a knight is a person who **helps others in need** even when it may be inconvenient. I believe a knight is **truthful and honest**. As a matter of fact, I have come up with 7 things that separates a knight from any other person.

So what, in my opinion, is lacking? The heart. Because of this heart condition, I have created the "**Squire Academy**," a video-platformed school that has seven chivalric lessons and seven corresponding adventures, each one illustrating what a knight should be and practical adventures on how to become one. I did this to make our world a little better, one adventure at a time. Once the Squire Academy is finished, the person is knighted in a formal virtual accolade ceremony and sent a knight's brevet (a gold bordered, wax sealed, certificate), and a lapel pin of the Order.

Although to be a knight in other orders run into the thousands of dollars, I have been able to keep my costs down and provide more. For only \$150, everything is paid for except for the neck star (a custom, jeweler made, star of the Order that hangs on a ribbon around the neck), which is optional. After being knighted, you will be able to join the private "Ordo Aureum Noctua" group of knights, you will be automatically authorized to watch private, knight-only videos from the "**Knight School**."

To sign up, you fill out our candidate form, use a Paypal link for your passage fee that you will be provided, and then you will start getting email video links to the Squire Academy. It's that easy. It's actually never been easier or more meaningful. Do you have what it takes?

I hope that you find this endeavor both invigorating and satisfying and that it helps change the world for the better, one knight at a time.

Sincerely,

Clifford P. Brunetti
